Adding a Splash of Colour to Your Home

Brought to you by  
**UAGLASS LTD**  
 Norfolk's Glass Specialists.....

Coloured glass splashbacks and worktops which provide a stylish and contemporary look, transforming the appearance of any kitchen.

Our coloured glass is manufactured to the highest quality. Splashbacks and worktops are produced in toughened safety glass, and are therefore resistant to heat and impact. Cut outs can be made for sockets, taps, sinks and hobs, and glass can be cut to shapes to reduce the amount of joints, giving a clean, modern finish.

Coloured glass is easy to install using adhesive, and because it's non-porous it's very hygienic, never needs sealing, therefore requiring minimal maintenance.

We provide a templating and fitting service within Norfolk and Suffolk, but are able to offer a nationwide delivery on a 'supply only' basis.

We recommend this colour chart to be used as a guide only. Due to printing limitations the colours shown may vary slightly when compared to the finished glass product.

We are able to produce unlimited colours and also offer a bespoke colour matching service, but is advised that a sample is produced and viewed prior to ordering finished sizes. Samples for colours outside of our standard sample range will incur a charge.

\*Please note metallic finishes will incur an additional cost.
